DETAILED ACTION

1. Amendment filed on 1/3/07 has been received.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 27-40 are rejected under 35 U.S.C. 102(b) as being anticipated by JP2001301437.

See attached figure 7

Art Unit: 3683

It is unclear to the examiner if the applicant believe the claim read upon figure 5 of the instant application. If the applicant maintains that the claims read upon figure 5, the following rejection is made:

3. Claims 27-40 rejected under 35 U.S.C. 102(b) as being anticipated by JP2001301437.

See figures 4 and 6. Note polygonal portions 20b and semi-circular portions 20a

Response to Arguments

4. Applicant's arguments filed 1/3/07 have been fully considered but they are not persuasive. Applicants make two arguments with regard to the rejections. The first is that the claims are directed towards the uncrimped collar and the reference shows a crimped collar. While the applicant is correct, the claims do not require any particular state. Furthermore, as long as the structure reads upon the claimed structure, the rejection under 35 USC 102 is proper. The second argument states that the prior art must be made from thin wire. The examiner disagrees as figure 5 clearly shows a plate member. Furthermore, the claims do not preclude the collar from being formed of wire.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 3683

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
